EU Type Examination Certificate

Date: 2023/10/05

n. **775234001/OE**

Validity: 2028/10/04

Size range:	Men's size range: from XS to 5XL
Technical File:	DC-17305
Test report:	RCT n° 4213814.01/E

Functions and performance levels: The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

Class AAA: Class AAA garments offer the best possible protection from impact and abrasion but may have limiting ergonomic, weight and thermal penalties for some riding activities.

The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.

Marking: Printed on stitched labels and displaying the following information:

- **CE Marking**;
- brand and name of the Manufacturer;
- item designation;
- pictogram indicating intended use (motorcycling) + nr/year of the Technical Standard of reference + indication of the class of protection achieved;
- pictogram inviting to read the User Manual;
- on other different labels: "Made in...", material composition, size, care and washing instructions, warnings etc.
