

EU Type Examination Certificate

Date: 2023/09/11

n. **775233702/OE**

Validity: 2028/09/10

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: **JIANGMEN PENGCHENG HELMETS CO. LTD.**
(Responsible of the PPE) No. 01-7, Dongsheng Road, GongHe Town, Heshan City, GUANGDONG Province – CHINA

Type of PPE: **Motorcyclist's protective clothing: TROUSERS**

Category of PPE: **II** : "medium" risks.
This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.

Model **"BRADFORD MAN JEANS Pro"**
MP149LS2
Col. DARK BLUE

Description: external side: dark blue fabric (NZ14901); black PU leather patch (2100203013);
internal side: black perforated mesh (1100600006);
mid-layer: yellow Kevlar (1010029013);
main fastening: with fastener by means of a metallic zipper closure and metallic button (2400300122/24000200044) in contact with the user;
external pockets: dark blue fabric (NZ14901), black fabric (NO2080);
protectors pocket: hip and knee: black fabric (NO2080).

CE Certified protectors (according to EN 1621-1:2012) inserted into the garment, all by Safe Tech Srl:
knee protector: art. "671";
hip protector (optional): art. "670".

Technical Standard: **EN ISO 13688:2013** Protective clothing – general requirements
EN 17092-4:2020 Protective garments for motorcycle riders – Part 4: Class A garments – Requirements

Intended use: Motorcycling: preventive use – correct fitting and positioning of the inner protections are essential.

Size range: MEN's sizes: from XS to 5XL
Regular sizes: from 46W/32L to 62W/34L
Short sizes: from 46W/30L to 62W/32L

Technical File: **DC-17240**

Test report: **RCT n° 4213502/E**

EU Type Examination Certificate

Date: 2023/09/11

n. **775233702/OE**

Validity: 2028/09/10

Functions and performance levels:

The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

Class A(*): Class A garments offer a minimum necessary degree of protection from impact and abrasion and are expected to have the least ergonomic and weight penalties.

(*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place; this falls within the responsibility of the user.

Marking:

Printed on stitched labels and displaying the following information:

- **CE Marking**;
- brand and name of the Manufacturer;
- item designation;
- pictogram indicating intended use (motorcycling) + nr/year of the Technical Standard of reference + indication of the class of protection achieved;
- pictogram inviting to read the User Manual;
- on other different labels: "Made in...", materials composition, size, care and washing instructions, warnings etc.

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
