

# EU Type Examination Certificate

Date: 2024/05/06

n. **775241901/OE**

Validity: 2029/05/05

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: **JIANGMEN PENGCHENG HELMETS CO. LTD.**  
(Responsible of the PPE) No. 01-7, Dongsheng Road, GongHe Town, Heshan City, GUANGDONG Province – CHINA

Type of PPE: **Motorcyclist's protective clothing: TROUSERS**

Category of PPE: **II** : "medium" risks.  
This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.

Model **"COMO AIR MAN PANT/ COMO AIR LADY PANT"**  
MP159LS2 – LP159LS2  
Col. BLACK/DARK GREY

Description:

external side:

- black fabric (1040519001);
- black mesh fabric (1100000010);
- dark grey fabric (1040419012);
- black fabric (1030400017);
- black synthetic leather (1090100014);
- insert in black material (1090100016) stitched onto black fabric (1040519001);
- belt in black fabric (5060200007);

internal side:

- black fabric (1040519001);
- black fabric (1030400017);
- black Lycra fabric (1030600002);
- black mesh fabric (1100700001);
- black fabric (1150129001);

main fastening: zipper (303415111100130), metallic button and metallic hook with two metallic rivets in contact with the user (2400300115/2400400060/2400400061/2400400026/2400400027/2400400028);

leg and ankle closure: zipper;

external pockets: external in black mesh fabric (1100000010) and internal in black mesh fabric (1100700001) with zipper;

protectors pocket: hip / knee: internal and external in black mesh fabric (1100600006).

CE Certified protectors (according to EN 1621-1:2012) inserted into the garment:  
knee protector: art. "TP1-EK1" by Shenzhen Innovation Advanced Materials Co. Ltd.;  
hip protector (optional): art. "670" by Safe Tech Srl.

Technical Standard: **EN ISO 13688:2013** Protective clothing – general requirements  
**EN 17092-4:2020** Protective garments for motorcycle riders – Part 4: Class A garments – Requirements

Intended use: Motorcycling: preventive use – correct fitting and positioning of the inner protections are essential.

Size range: MEN's sizes: Regular sizes: from XS to 5XL, Short Sizes from XS Short to 5XL Short  
WOMEN's sizes: Regular sizes: from XS to 5XL, Short Sizes from XS Short to 5XL Short

# EU Type Examination Certificate

Date: 2024/05/06

n. **775241901/OE**

Validity: 2029/05/05

Technical File: **DC-18398**

Test report: **RCT n° 4308077/E**

Functions and performance levels: The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

**Class A(\*)**: Class A garments offer a minimum necessary degree of protection from impact and abrasion and are expected to have the least ergonomic and weight penalties.

(\*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.

Marking: Printed on stitched labels and displaying the following information:

- **CE Marking**;
- brand and name of the Manufacturer;
- item designation;
- pictogram indicating intended use (motorcycling) + nr/year of the Technical Standard of reference + indication of the class of protection achieved;
- pictogram inviting to read the User Manual;
- on other different labels: "Made in...", materials composition, size, care and washing instructions, warnings etc.

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
