Size range:	Men's commercial sizes: from S to 3XL	
Technical File:	DC-15126	
Test report:	RCT n° 4111133/E	

EU Type Examination Certificate

Date: 2022/07/19

n. **775222901/OE**

Validity: 2027/07/18

Functions and performance levels:

EN ISO 21420:2020:

Protective gloves. General requirements and test methods:

the gloves satisfy the general requirements of design and manufacturing, innocuousness, ergonomic properties.

EN 13594:2015

Protective gloves for motorcycle riders:

According to the basic requirements tested and assessed, this glove has obtained an overall performance level of **1** (*).

KP = additional property indicating the presence of the knuckle protection.

(*): the higher level provided by the technical standard is level 2, granted to gloves providing an increased protection with respect to level 1 but might have weight and ergonomic restriction penalties.

Marking:

printed on stitched labels and displaying the following information:

- **CE Marking;**
- name, trademark and address of the Manufacturer;
- item designation;
- pictogram to indicate the intended use (motorcycling) + overall level of performance achieved during laboratory tests + symbol KP to indicate the knuckle protection + nr. and year of the reference Standard;
- size indication (commercial size);
- date of production (by means of an internal code);
- additional information: care/washing symbols, composition materials, "Made/Designed in..", internal codes.
