BMW sat nav cradle

SHORT DESCRIPTION

5,5” BMW SMART DISPLAY

PRODUCT INTRODUCTION

The **SYNC55B** is a 5.5” ultra-bright display **made for BMW** motorcycles, easily mounted on the original GPS cradle with a simple plug & play setup—no tools needed. It offers seamless **Apple CarPlay and Android Auto** for navigation, calls, and music, while dedicated screens show real-time bike data like **speed, temperature, and RPM**, enriching every ride. Control everything safely through the **BMW “Magic Wheel”**, keeping your hands on the handlebars.

Who is SYNCBMW for?

Made for BMW owners, demanding the best experience for a smartphone mirroring solution.

Why Choose Interphone SYNC55B?

SYNC55B offers best performance for CarPlay/Android Auto navigation on BMW motorcycles at unbeatable quality and price.
